Every student in need of testing for SARS-CoV-2 is obligated to call the primary care physician who will refer them to testing, and in case of positive result, will monitor their condition and apply necessary procedures. Student receives their test result from the primary care physician

### STUDENT SUSPECTED INFECTION

Notifies the primary care physician (POZ):

1. Polish student, holder of National Health Fund (NFZ) insurance - calls reception of their primary care physician who will provide them during telephone counselling with the following:

- Give medical advice
- Refer them to test for SARS-CoV-2, if it is justified by medical history - the primary care physician issues an on-line referral during the telephone counselling and informs about drive-thru COVID-19 infection testing sites in Lublin (it is recommended to schedule an appointment in order to shorten waiting time in line):
  - student goes to COVID-19 infection testing site (only ID is required, no referral in paper form needed) or
  - primary care physician sends a special ambulance which will collect a smear if a student is not able to leave home on their own (or student calls 112 emergency number and asks for ambulance - OPERATOR MUST BE INFORMED BY THE STUDENT ABOUT CORONAVIRUS SYMPTOMS!).

2. Foreign student, holder of National Health Fund (NFZ) insurance (voluntary health insurance paid by monthly instalments) - calls reception of their primary care physician (if they haven't chosen their doctor, they shall choose a medical facility, fill out a declaration form and submit it in person or an appropriate on-campus representative for English-language program may submit it on their behalf; latest insurance premiums deposit slips to be attached), who will provide them during telephone counselling with the following:

- Give medical advice
- Refer them to test for SARS-CoV-2, if it is justified by medical history - the primary care physician issues an on-line referral during the telephone counselling and informs about drive-thru COVID-19 infection testing sites in Lublin (it is recommended to schedule an appointment in order to shorten waiting time in line):
  - student goes to COVID-19 infection testing site (only passport is required, no referral in paper form needed) or
  - primary care physician sends a special ambulance which will collect a smear if a student is not able to leave home on their own (or student calls 112 emergency number and asks for ambulance - OPERATOR MUST BE INFORMED BY THE STUDENT ABOUT CORONAVIRUS SYMPTOMS!).

3. Foreign student insured in EU (European Health Insurance Card - EHIC) - it is not mandatory to fill out a declaration form and choose their own primary care physician but before the first telephone counselling they will be required to present their EHIC card (an appropriate on-campus representative for English-language program may submit it on their behalf):

- a) Calls reception of the primary care physician (e.g. NZOZ Farmed medical facility, Mon.-Fri. 8.00-18.00, Sat. 8.00-12.00 at the following phone numbers: 81 747 67 77, 81 728 41 73, 725 181 008 or other medical facility of their own choice), who will provide them during telephone counselling with the following:
  - Give medical advice
  - Refer them to test for SARS-CoV-2, if it is justified by medical history - the primary care physician issues an on-line referral during the telephone counselling and informs about drive-thru COVID-19 infection testing sites in Lublin (it is recommended to schedule an appointment in order to shorten waiting time in line):
    - student goes to COVID-19 infection testing site (only passport and EHIC card is required, no referral in paper form needed) or
    - primary care physician sends a special ambulance which will collect a smear if a student is not able to leave home on their own (or student calls 112 emergency number and asks for ambulance - OPERATOR MUST BE INFORMED BY THE STUDENT ABOUT CORONAVIRUS SYMPTOMS!).

4. Foreign student from outside EU, holder of other commercial insurance or without insurance:

- a) Calls reception of the primary care physician if such service is included in their insurance package, who will provide them during telephone counselling with following:
  - Give medical advice
  - Refer them to test for SARS-CoV-2, if it is justified by medical history - the primary care physician issues an on-line referral during the telephone counselling and informs about drive-thru COVID-19 infection testing sites in Lublin (it is recommended to schedule an appointment in order to shorten waiting time in line):
    - student goes to COVID-19 infection testing site (only passport is required, no referral in paper form needed)
    - primary care physician sends a special ambulance which will collect a smear if a student is not able to leave home on their own (or student calls 112 emergency number and asks for ambulance - OPERATOR MUST BE INFORMED BY THE STUDENT ABOUT CORONAVIRUS SYMPTOMS!).
- b) Calls reception of the primary care physician (e.g. NZOZ Farmed medical facility, Mon.-Fri. 8.00-18.00, Sat. 8.00-12.00 at the following phone numbers: 81 747 67 77, 81 728 41 73, 725 181 008 or other medical facility of their own choice - passport must be shown at the facility reception - student may ask for help an appropriate on-campus representative for English-language program), who will provide them during telephone counselling with the following:
  - Give medical advice
  - Refer them to test for SARS-CoV-2, if it is justified by medical history - the primary care physician issues an on-line referral during the telephone counselling and informs about drive-thru COVID-19 infection testing sites in Lublin (it is recommended to schedule an appointment in order to shorten waiting time in line):
    - student goes to COVID-19 infection testing site (only passport is required, no referral paper form needed) or
    - primary care physician sends a special ambulance which will collect a smear if a student is not able to leave home on their own (or student calls 112 emergency number and asks for ambulance - OPERATOR MUST BE INFORMED BY THE STUDENT ABOUT CORONAVIRUS SYMPTOMS!).
